Variant 2

Greetings, my old and sincere friend. Unfortunately, I can't go to the park with you this afternoon. I know that I promised you it and we've planning to do so for last several days. I deeply apologize for that, but I have valid and serious reason for that. Recently, my mom started to feel extremely bad due to the serious diagnosis which I can't disclose to you. I honestly did not want it to happen like this, but I have to look after my mother. I would like to suggest to transfer our meeting to another day. Would days like Friday, Saturday and Sunday suit you? I am free and available to meet with you only next weekends. You know that I study in boarding school located in Astana; therefore I want to dedicate my weekends to you and my family.

Sincerely, your „hamie” Dikratt.

Variant 4

Hello everyone! Welcome to my podcast. Today I will be talking about some place where I strongly want to spend time with my friends. That place is located in Astana near the Small supermarket. I just bought an apartment in new resident complex. It looks very beautiful, especially for athletes like me and my friends. There are a long lake, football, basketball, volleyball and fitness playgrounds. We really enjoy it there by working swimming and working out. We like it because we like this type of environment where we can have fun. Currently, we plan to buy a flat there and grind for our sport careers. Well, at least we dream about it. Who knows, if there will be a better place that will change our opinions.

Thank you for listening to my podcast, farewell and good luck!

Dear, teacher!

Good evening, teacher! It's me Sezim and I want to tell you something terrible. I think you will understand me. Do you remember, you gave me a book called "Success", one month ago. It was a very fascinating and interesting book that I have ever read. But it's not the all things that wanted to say you. I apologize that I lost your book. I felt very scared and upset when I realize that I had forgotten this book. I will explain how it happened. At the first day, when you gave me your book, I read it very carefully and finished reading it one week ago. So, when I finished reading it, I place it to my table that I study every day. In last evening it was on that place that I put it. But today when I wanted to give you this book, it disappeared. I asked my whole family, didn't they see it, they all said "no". I don't know where it gone. So, I will buy you one more book, that you want. You just need to write or say what book do you want. I hope you won't be disappointed of me and will answer my question, please.

I'll wait your answer!

See you soon!

Bye, bye!

Writing. Variant 4 (Describe your favorite place to spend time with friends)

Oh I trully love to describe and tell about unordinary topics like that. I found it interesting. So, I can't say that I have specific place where I like to spend time with my friends. I am ready to go with my friends everywhere. Whether is cafe, park, museum, cinema, shopping centre or just walking around our neighborhood. The importance is being happy and spend our time greatly together. Sometimes when we meet, we go out do fun, read, walk, eat alot of delicious food and just enjoy our time together, I like it. Sometimes I need to meet with my friends and have fun with them, it is something like "therapy".

Nonetheless if being honest I love to spend my time alone, with myself. I mean read my favorite books, watch podcasts, dancing, listen to music while walking in the park and enjoying my loneliness. Yes, I know that for someone it can be avenge and boring however my soul love it all, my soul enjoy it and take energy from it.

But I also like to read with my mum it's funny and interesting, honestly.

So for conclusion I can say that it is not specifically where spend time, the importance is with who I spend my time and how. That's all.

Dear Mr Jones, this is Nurila, your future host daughter. As you know, I am from Kazakhstan and I am 15 years old. Despite the fact that I am Kazakh, I am very fluent in English, therefore, I can easily communicate with you. Since I have won this amazing program, I feel so ecstatic. I am looking forward to meeting with my first host family ever. But, I am not aware of some things related to my new hometown. Is it boiling hot there or vice versa it is cold and windy? I do not know what type of clothes should I bring. In addition, should I bring various house items like dishes? This is my first experience moving abroad, I do not know anything at all to be honest. By the way, I will arrive at 9 a.m. on Saturday this weekend. It is 30th of May. So, I will be waiting for you at the airport. Also, not only will I bring for you some presents, but I will also cook Kazakh national food which is mouth-watering. Never have I ever felt so excited!

Write back soon.

"How can teenagers balance schoolwork and free time?"

In today's fast-paced modern world, teenagers are facing challenges in terms of balancing schoolwork and free time. This is because there are an increased pressure on teenagers to be productive in all aspects of their life, including education and effective pastime of their free time. Therefore, being snowed under with assignments and obligations, it is hard to find time for their desired hobbies. However, complicated balancing is, this problem is decidable with an effort and time.

Adolescents' curriculum consists of not only school subjects, but also additional preparational sessions. This is because they are stepping to the adult life, and, therefore, they are obliged to prepare for exams that are necessary to enroll to the universities. As a result, being overloaded with assignments, teenagers are not able to allocate any time for having rest and doing hobbies.

To mitigate this issue, it is necessary to plan a day effectively. If every teenager would have planned ^{his/her} ~~their~~ day that consists of these both spheres of a life, he/she had achieved a good balance and spend any time in an effective way. But if there's a question on how to plan one's day, I can only say that plan should be flexible and relevant for a person.
